IMPORTANT INFORMATION ON MILITARY RETIRED PAY (Includes all Uniformed Services Retired Pay):
 Submission of this application constitutes a waiver of military retired pay in an amount equal to VA compensation awarded, if you are entitled to both benefits. Your retired pay may be reduced by the amount of VA compensation awarded. Receipt of the full amount of military retired pay and VA compensation at the same time **may** result in an overpayment, which **may** be subject to collection. If you qualify for concurrent receipt of VA compensation and military retired pay, the waiver of retired pay will not apply. If you do not want to waive any retired pay to receive VA compensation, you should check the box in **Item 26**.

Note that if you check the box in Item 26, you will not receive VA compensation, if granted. If you are currently in receipt of VA compensation and you check the box in Item 26, your VA compensation will be terminated, if you are also eligible for military retired pay.

IMPORTANT: VA COMPENSATION PAY IS NON-TAXABLE. THEREFORE, VA COMPENSATION PAY MAY BE THE GREATER BENEFIT.

26. Do NOT pay me VA compensation. I do NOT want to receive VA compensation in lieu of retired pay.

IMPORTANT INFORMATION ON SEPARATION/SEVERANCE PAY:

VA compensation, if granted, may be withheld to recoup any disability severance or separation pay such as involuntary separation pay, voluntary separation pay, or special separation benefit, you receive from your branch of service. In addition, if you receive a Voluntary Separation Incentive (VSI), your VSI payments may be reduced if you are awarded VA compensation. Receipt of VA compensation and VSI at the same time may result in an overpayment of VSI, which **may** be subject to collection.

IMPORTANT INFORMATION ON INACTIVE DUTY TRAINING PAY:

You may elect to keep the active or inactive duty training pay you received from the military service department. However, to be legally entitled to keep your training pay, you must waive VA benefits for the number of days equal to the number of days for which you received training pay. In most instances, it will be to your advantage to waive your VA benefits and keep your training pay.

If you waive VA benefits to receive training pay by checking the box in **Item 28**, VA will retroactively adjust your VA award to withhold benefits equal to the total number of training days waived and at the monthly rate in effect for the fiscal year period for which you received training pay. This action may result in an overpayment of compensation, which **may** be subject to collection.

IMPORTANT: VA COMPENSATION PAY IS NON-TAXABLE. THEREFORE VA COMPENSATION PAY MAY BE THE GREATER BENEFIT.

- 28. Do NOT pay me VA compensation. I do NOT want to receive VA compensation in lieu of training pay.**

INJURY STATEMENT

John A. Doe
123 Veteran Rd.
Houston, TX 12345

Date: March 3, 2025

Subject: Injury Statement for VA Claim Submission – Disfigurement of Head, Face, and Neck

To Whom It May Concern,

I, **John A. Doe**, submit this statement in support of my VA claim for service-connected **disfigurement of the head, face, and neck**.

During my **deployment to Baghdad, Iraq (01/2010 - 01/2011)**, while stationed at **Camp Victory**, I sustained severe **scalp burns, facial scarring, and neck burns** as a result of my service. These injuries required immediate medical attention, and I was **diagnosed in May 2010**.

I received medical treatment for this condition at **Camp Victory Medical Facility** on the following occasions:

- **May 2010**
- **June 2010**
- **August 2010**

Current Treatment

To manage my condition, my treatment includes:

- **Cognitive rehabilitation** to aid in adjusting to the physical and emotional impact of my injuries.
- **Vision therapy** to address any associated visual impairments caused by my injuries.

Impact on Daily Life

Since the onset of this condition, my ability to lead a normal life has been significantly impacted. I have had to **avoid activities that require physical or mental exertion**, as they exacerbate my symptoms and discomfort. This has led to a **negative impact on my daily life**, making it difficult to participate in routine activities.

Additionally, I have experienced **severe emotional distress and depression** due to my injuries and their effect on my appearance and social interactions. I now **spend most of my time at home**, feeling isolated and unable to actively engage with **friends and family** as I once did. One of the greatest personal losses has been **giving up my passion for traveling**, as my condition makes it extremely difficult to do so.

Given the severity and lasting effects of my condition, I respectfully request that my medical history and service records be reviewed in support of my claim for service-connected disability benefits.

I certify that the information provided is true and accurate to the best of my knowledge. Thank you for your time and consideration.

Sincerely,
John A. Doe

Subject: Medical Nexus Letter in Support of VA Disability Claim for John A. Doe

I, **Dr. William Stryker, MD**, am a licensed **orthopedic specialist** at **Houston Medical Group** and have been treating **John A. Doe** for **disfigurement of the head, face, and neck** resulting from injuries sustained during his military service. This letter serves as a **medical nexus statement** supporting his **VA disability claim** by providing my professional medical opinion regarding the relationship between his **current disability and his military service**.

Patient Information:

- **Patient Name:** John A. Doe
- **Patient Address:** 123 Veteran Rd., Houston, TX 12345
- **Primary Disability:** Disfigurement of Head, Face, and Neck
- **Deployment Area:** Camp Victory, Baghdad, Iraq
- **Deployment Date:** January 2010 – January 2011
- **Initial Diagnosis Date:** May 2010
- **Treatment Facility:** Camp Victory Medical Facility, Baghdad, Iraq

Medical History and Current Condition

Mr. Doe sustained **severe burns and scarring** to his **scalp, face, and neck** during his **deployment to Baghdad, Iraq** in **May 2010**. His injuries resulted from exposure to **extreme heat and burns during service-related operations**. The **disfigurement has led to lasting physical and psychological effects**, impacting his **self-image, social interactions, and quality of life**.

His symptoms include:

- **Scalp burns**, causing **skin tightness, discomfort, and nerve sensitivity**.
- **Facial scarring**, leading to **persistent pain and limited facial muscle movement**.
- **Neck burns**, restricting **range of motion and contributing to chronic pain**.

Current Treatment Plan

Mr. Doe has been undergoing **continuous treatment and therapy**, including:

- **Cognitive rehabilitation therapy**, to help him cope with the emotional and psychological distress caused by his disfigurement.
- **Vision therapy**, as his facial injuries have affected eye movement and coordination.
- **Pain management therapy**, to address nerve pain and discomfort from scar tissue.

Despite ongoing medical care, his condition remains chronic and continues to severely affect his daily life and mental well-being.

Medical Nexus Opinion

Based on my medical expertise, review of Mr. Doe's medical history, and clinical evaluation, it is my professional opinion that:

1. **It is at least as likely as not (50% or greater probability) that Mr. Doe's disfigurement of the head, face, and neck is directly related to injuries sustained during his military service at Camp Victory, Baghdad, Iraq.**

Rationale for Service Connection

Facial and neck disfigurement is a **permanent, life-altering condition** that often results in **both physical and psychological distress**. Mr. Doe's medical records confirm that:

- **His burns and scarring were sustained during active duty in Baghdad, Iraq.**
- **He was diagnosed and treated for these injuries at Camp Victory Medical Facility in 2010.**
- **Despite treatment, his injuries have resulted in lasting complications affecting his physical mobility, appearance, and mental health.**

Given the **service-related nature of his injuries and their long-term effects**, there is **clear medical evidence supporting a direct connection between his disfigurement and his military service**.

Impact on Daily Life

Mr. Doe's disfigurement has had a **profound impact on his personal and professional life**, leading to:

- **Severe emotional distress and depression**, as he struggles with **social withdrawal and isolation** due to his appearance.
- **Avoidance of physical and mental activities**, as his **pain and physical discomfort limit his ability to engage in tasks requiring prolonged effort**.
- **Loss of interest in social activities**, including **traveling**, which was once one of his passions.
- **Difficulty maintaining relationships and employment**, due to his **self-consciousness and emotional distress**.

Conclusion

Due to the **severe, chronic, and progressively worsening nature of Mr. Doe's facial, scalp, and neck disfigurement**, I strongly support his **VA disability claim for service connection**. His **documented in-service injuries, continued medical treatment, and significant functional and psychological limitations** confirm that his condition is **service-related and has severely impacted his quality of life**.

If any additional medical documentation or clarification is required, please feel free to contact my office at **(718) 242-5254**.

Sincerely,

William Stryker
